Provider Action Needed

This is a reminder for physicians to take note of the quarterly updates to the coding initiatives. The next round of CCI edits will be effective on October 1, 2005. Physicians may view the current CCI edits and the current Mutually Exclusive Code (MEC) edits at <http://www.cms.hhs.gov/NationalCorrectCodinitEd/> on the Centers for Medicare & Medicaid (CMS) web site. The web site will be updated with the Version 11.3 edits as soon as they are effective.

Background

The National Correct Coding Initiative developed by CMS helps promote national correct coding methodologies and controls improper coding. The coding policies developed are based on coding conventions defined in the American Medical Association's Current Procedural Terminology (CPT) manual, national and local policies and edits, coding guidelines developed by national societies, analysis of standard medical and surgical practice, and review of current coding practice.

The latest package of CCI edits, Version 11.3, is effective on October 1, 2005. This version will include all previous versions and updates from January 1, 1996 to the present and will be organized in two tables: Column 1/Column 2 Correct Coding Edits table and MEC Edits table.

Additional Information

The CCI and MEC file formats will be maintained in the *Medicare Claims Processing Manual* (Publication 100-04), Chapter 23, Section 20.9, which can be found at <http://www.cms.hhs.gov/manuals/downloads/clm104c23.pdf> on the CMS web site.
